

ASSOCIATION FOR EUROPEAN CARDIOVASCULAR PATHOLOGY
9TH BIENNIAL MEETING
CAMBRIDGE, UK AND ONLINE
16TH-18TH SEPTEMBER 2021

Outline programme for the 9th AECVP Biennial Meeting

You are warmly invited to the 9th Biennial Meeting of the Association for European Cardiovascular Pathology will be held as a hybrid event, allowing people to attend in person in Cambridge, UK, or virtually online. The meeting will be held from 16th to 18th September 2021 and will be based at Fitzwilliam College, part of Cambridge University.

Due to social distancing, there is a limited number of places available in Cambridge. This will be kept under review as the pandemic situation changes, and more places may become available. If you register for a virtual attendance but later decide that you would like to come to Cambridge in person, you can upgrade for the price difference at the time you first booked – so if you make an early registration for virtual attendance, you will only be asked to pay the difference for early live registration. This is subject to spaces being available.

This programme is preliminary while we reconfirm speakers, so may be subject to changes. All times are UK time (British Summer Time, which is GMT +1 hour).

NEW for this year: we have organised sessions on key topics in cardiac pathology in association with the UK Cardiac Pathology Network. These are topics that will be of particular interest to the general surgical and autopsy pathologist and pathologists in training, but with plenty of talking points for the experienced cardiac pathologist.

Thursday 10am – 6pm

- ♥ **Olsen Gourley Symposium: The Hypertrophied Heart.** A symposium dedicated to assessing cardiac hypertrophy, including physiological and pathological hypertrophy, and unusual causes of cardiac hypertrophy.
- ♥ Oral free presentations.
- ♥ **Keynote Lecture:** Virtual histology, biomechanics, myocardial infarction and sudden cardiac death.
- ♥ **NEW Key topics in cardiac pathology** in association with the UK Cardiac Pathology Network
- ♥ **Symposium: Genetics and cardiovascular disease.** Insights and updates on cardiovascular genetic science.

Friday 17th September 9am – 6pm

- ♥ **Keynote Lecture:** Cardiovascular pathology in Mumbai.
- ♥ **Symposium: Global perspectives – cardiac pathology in an interconnected world.**
- ♥ Oral free presentations.
- ♥ Annual business meeting of the AECVP.

- ♥ **Keynote Lecture:** The Heart of Leonardo: Da Vinci at five hundred (and two)
- ♥ **NEW Key topics in cardiac pathology** in association with the UK Cardiac Pathology Network
- ♥ **What is it?** Interactive case presentations.
- ♥ **Michael J Davies Distinguished Achievement Award Lecture:** The pathology of medical education. *Dr Patrick Gallagher, Bristol, UK*

Saturday 18th September 9am - 1pm

- ♥ **Symposium: Updates on heart failure and transplantation.**
- ♥ Oral presentations.
- ♥ **Keynote Lecture Double Bill:** Adult congenital heart disease – clinical and pathological aspects
- ♥ **Prize giving**

Registration fees

Early registration is available until 16th August 2021.

Late registration is available until 31st August 2021 for ‘live’ in person attendance, or until 9th September for virtual registrations.
